

Basic Electrical Theory

Please ensure you meet all of the pre-requisites before booking a course

Purpose & Content	Delegates will be given a basic understanding of electrical theory – both DC and AC. They will learn about electrical generation and simple circuitry
Pre-requisites	This module requires the delegate to have a reasonably good standard of education and have a basic understanding of simple circuit theory. A basic mathematical ability is also desirable
PPE	Track Boots, Hi-Vis Vest, Safety Glasses
Course Duration	2 weeks
Success Criteria	Assessments require a Minimum 75% Pass Mark on each of the Course Modules
Certification	A certificate is supplied by Catalis Rail Training that is recognised throughout the industry

Please ensure that you have all of the required documentation with you on the day of the course in order to be able to undertake the training event

Beverages, snacks and hot meals are available for purchase on site using a cash free system. Delegates will need to purchase £2 Pre-pay Card which is refundable after the event. Please ask our staff if you have any queries
