

Four Foot Points

Please ensure you meet all of the pre-requisites before booking a course

Purpose & Content	This course studies the four foot point machine in depth as well as giving an understanding of points in general. The delegate will learn to re-build a set of four foot points and find mechanical failures on them.
Pre-requisites	Electrical Theory, Basic Signals, Basic Mechanical
PPE	Track Boots, Hi-Vis Vest and Safety Glasses
Course Duration	3 Weeks
Success Criteria	Assessments require a Minimum 75% Pass Mark on each of the Course Modules. The practical assessment is carried out by an independent assessor
Certification	An industry recognised certificate awarded by Tube Lines in association with Catalis Rail Training

Please ensure that you have all of the required documentation with you on the day of the course in order to be able to undertake the training event

Beverages, snacks and hot meals are available for purchase on site using a cash free system. Delegates will need to purchase £2 Pre-pay Card which is refundable after the event. Please ask our staff if you have any queries
