

Intermediate Signalling

Please ensure you meet all of the pre-requisites before booking a course

Purpose & Content	This course covers signalling principles in an automatic section. The delegate will learn to design, fault find and test signalling circuitry. The course prepares the delegate for the next course – Controlled Signalling
Pre-requisites	Electrical Theory, Basic Signals, Basic Mechanical
PPE	Track Boots, Hi-Vis Vest and Safety Glasses
Course Duration	7 Weeks
Success Criteria	Assessments require a Minimum 75% Pass Mark on each of the Course Modules. Practical assessment carried out by an independent assessor
Certification	An industry recognised certificate awarded by Tube Lines in association with Catalis Rail Training

Please ensure that you have all of the required documentation with you on the day of the course in order to be able to undertake the training event

Beverages, snacks and hot meals are available for purchase on site using a cash free system. Delegates will need to purchase £2 Pre-pay Card which is refundable after the event. Please ask our staff if you have any queries
